Welcome to Fichman Eye Center

The Complete Vision Correction Solution

Whether you are seeking routine eye exams, laser vision correction, cataract treatment, contact lenses, or glasses, Fichman Eye Center is your Complete Vision Correction Solution. Our patients feel secure in knowing their eye care is coming from highly skilled, board-certified professionals who are expertly trained in the latest, state-of-the-art vision technology. It's experience you can trust.

Our Physicians

In addition to performing general eye exams for glasses and contacts, our Optometrists expertly diagnose and treat eye infections, dry eye, foreign bodies, and glaucoma, right in the Fichman Eye Center. Our Ophthalmologists have extensive experience performing LASIK, cataract, and other eye surgeries and procedures—all done in our innovative Surgery Center. Surgery Center

The Fichman Laser & Vision Surgery Center is a state-licensed, Medicare-approved, AAAHC-accredited facility. We are committed to the highest quality safety standards, invest in the latest technology, and provide all services in a warm and comfortable setting.

Optical Shop

Our Optician has been licensed with the state of Connecticut for over 15 years. He is available to assist patients with custom frame selections and contact lens fittings.

Fichman Eye Center offers a wide variety of eyewear to choose from including designer styles. In addition to eyeglasses, we carry a large selection of competitively priced contact lenses with direct-ship service. Ask about our Price Match Guarantee for contacts and our Protection Plan for glasses—if your frame or eyeglass lenses break within one year of the original purchase, we will exchange them for half price.

“See Savings Card”

Through your employer, we are proud to offer you and your family members select discounts at our high quality, modern, and conveniently located eye center. Your exclusive “See Savings Card” entitles you and your family members to a 25% discount on many services not covered by insurance, including LASIK, glasses, premium cataract lenses, and even sunglasses. Patient Experiences and Professional Recognition

"I thought LASIK was very very scary, but I watched the videos in Dr. Fichman's office which really helped. It was a quick process—painless, I had perfect vision within a couple of hours. The next day I could see perfectly, I was shocked. I had no pain, no infection—I had a comfortable experience—it was easier than getting my teeth cleaned. Dr. Fichman did a great job keeping me informed—I can tell they really are about all of their patients."

.....Nykesha Sales, WNBA, Connecticut Sun

"The combination of science and medicine is incredible! One day after having [LASIK], I was able to drive my car without my glasses or contact lenses. This is truly a miracle."

.....Donny Marshall, former UConn basketball star and NBA player, current ESPN announcer

"Dr. Fichman put me totally at ease straight from the start. And it's amazing not only within minutes after the surgery, could I see, but already I knew this was going to be such an amazing change in my life. I wouldn't refer anybody to a doctor if I didn't feel comfortable with that doctor and with my own experience there, so it says a lot for Dr. Fichman and of course for his experience and his expertise, when I referred my fiancé Dave to him."

.....Rachel Lutzker, The River 105.9

"Dr. Fichman provides great surgical services for his cataract and refractive patients. It is great to sit in an operating room and see everything go like a fine symphony orchestra and then experience the results Dr. Fichman can produce."

.....Barry C., President and CEO, STAAR Surgical Inc.

"Dr. Fichman's technique is so precise and controlled. We should use it as a model for all. He is getting excellent visual outcomes."

.....Art C., Refractive Manager
